Process Flow for TSA Hybrid : PFMS-e-Kuber (RBI) - SCB For Implementing Agency & CNA

Implementing Agencies – Roles & Responsibilities

- i. Agencies should inform the banks whenever they register/convert their Savings/ZBSA accounts so as to enable the banks for enhancing / restricting the functions of those accounts.
- ii. In the case of conversion of one account type to another type, all balances in the account should be cleared or transferred out beforehand. No previous balances should remain in the account after the conversion.
- iii. Agencies should **not use** the ZBS account for any receipt of fund. The purpose of ZBSAs is to link it to the savings account for the execution of payment only the scheme for which the account is opened and mapped.
- iv. Agencies must regularly and promptly reconcile balances and financial limits with banks and also report any discrepancies to banks for immediate corrective actions.
- v. As soon as the funds gets transferred to top level agency corresponding to claims raised by below level agencies, PFMS will push the corresponding payment files through commercial bank of child agencies.
- vi. Funds in ZBSA of child agencies corresponding to failures to be transferred back to savings account pertaining to recipient agency i.e., agency at start of hybrid level.
